

Do you live locally and would like to work in your local community (Chorley, Rochdale and West Lancashire). Would you like a job which is interesting and stimulating, where no two days are the same?

Are you a “People Person”?

Could you help people who need support to live a full life and learn to do all the things that you do? Look after my home, make friends and meet with them, plan a holiday, take part in sport and support me to keep me healthy, get around my community, plan, shop and cook my meals and much, much more!

In return you will have:

A contract for part time or full time work.

Regular hours of work

Full (paid) training – but don’t worry – you don’t need to be an academic!

A supportive workplace

The opportunity to progress a real career and earn more (if you want to) by taking part and being paid for work based learning

We pay a starting rate in line with National Living Wage even if you are under 25 with additional payments for staff who complete sleep in duties

If you would like to go to work each day and feel like you’ve made a real difference in someone’s life then contact us at
